

To Whom It May Concern:

Please do not get rid of KLOVE! I love the music! It allows me to know that my family is recieving wholesome music that has no violence, sex, or derogatory language. Without KLOVE I would have no way of knowing what churches or groups in my community are providing safe and fun functions for the whole family such as harvest carnivals and concerts. I believe that if we take KLOVE away from FM we would be loosing our right to have a wholesome & encouraging station. Please do not take away KLOVE.

Sincerely, Liea Eyler
